

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

V. 19
(1903)

THE STANDARD:

**[AS REVISED AND ADOPTED BY THE AMERICAN TROTTING REGISTER ASSOCIATION,
TAKING EFFECT NOVEMBER 1, 1898.]**

THE TROTTING STANDARD.

When an animal meets these requirements and is duly registered it shall be accepted as a standard-bred trotter:

- 1.—The progeny of a registered standard trotting horse and a registered standard trotting mare.
- 2.—A stallion sired by a registered standard trotting horse, provided his dam and grandam were sired by registered standard trotting horses, and he himself has a trotting record of 2:30 and is the sire of three trotters with records of 2:30, from different mares.
- 3.—A mare whose sire is a registered standard trotting horse, and whose dam and grandam were sired by registered standard trotting horses, provided she herself has a trotting record of 2:30 or is the dam of one trotter with a record of 2:30.
- 4.—A mare sired by a registered standard trotting horse, provided she is the dam of two trotters with records of 2:30.
- 5.—A mare sired by a registered standard trotting horse, provided her first, second and third dams are each sired by a registered standard trotting horse.

THE PACING STANDARD.

When an animal meets these requirements and is duly registered, it shall be accepted as a standard-bred pacer:

- 1.—The progeny of a registered standard pacing horse and a registered standard pacing mare.
- 2.—A stallion sired by a registered standard pacing horse, provided his dam and grandam were sired by registered standard pacing horses, and he himself has a pacing record of 2:25, and is the sire of three pacers with records of 2:25, from different mares.
- 3.—A mare whose sire is a registered standard pacing horse and whose dam and grandam were sired by registered standard pacing horses, provided she herself has a pacing record of 2:25, or is the dam of one pacer with a record of 2:25.
- 4.—A mare sired by a registered standard pacing horse, provided she is the dam of two pacers with records of 2:25.
- 5.—A mare sired by a registered standard pacing horse, provided her first, second and third dams are each sired by a registered standard pacing horse.
- 6.—The progeny of a registered standard trotting horse out of a registered standard pacing mare, or of a registered standard pacing horse out of a registered standard trotting mare.

DOUBLE FEES FOR ANIMALS OVER TWO YEARS OLD:

On and after November 1, 1898, the fees charged for registration of all animals over two (2) years of age shall be double the regular fees (the age of animals to be computed from the first day of January in the year in which they were foaled).

NON-STANDARD ANIMALS.

Fillies, mares and geldings will be admitted as non-standard by complying with the requirements necessary to establish pedigree, etc.

THE AMERICAN TURF.

PERFORMANCES OF 1903.

TROTTING AND PACING.

[NOTE—*Indicates that the report following is an official report from a member of the National Trotting Association; **indicates an official report from a member of the American Trotting Association; †indicates an official report from a non-member; ‡indicates a non-official report; names of pacers are in *italics*.]

THE STATISTICAL TABLES.

I.

Alphabetical List of 2:30 Trotters in Harness,

EMBRACING HORSES THAT HAVE MADE LEGITIMATE TROTTERING RECORDS OF 2:30 OR BETTER DURING 1903; HORSES PREVIOUSLY IN 2:30 LIST THAT HAVE REDUCED THEIR RECORD IN 1903, AND SUCH HORSES WHOSE PEDIGREES HAVE BEEN ESTABLISHED OR MATERIALLY CHANGED SINCE THE PUBLICATION OF THE YEAR BOOK FOR 1902.

It will be observed that we have given the chief elements of all pedigrees, where known, and, where animals are registered, references to the volume of Wallace's American Trotting Register in which the pedigrees may be found in more extended form. These references are expressed in Roman numerals. Names of pacers are given in italics.
